**Re: Letter of Reference**

---

Dear Sam Biasucci,

We are now well into our 1<sup>st</sup> year in the operation of our Lepokoti 82 unit apartment complex as part of our Continuum of Care at Finlandia Village and wish to express our appreciation for your firm's expertise and services. As General Contractor you have constructed our latest Lepokoti Assisted Living complex with the highest possible standards.

We feel you have an exacting talent in development that continues to enrich our residents' lives. Your innovation and expertise in the construction have made our residents more secure, comfortable and healthier.

On behalf of our Board of Directors we would be pleased to provide a reference and wish you and SalDan General Contractors every success.

Yours very truly,

A handwritten signature in black ink, appearing to read "David J. Munch".

David J. Munch  
Executive Director
