To Whom It May Concern,

We hired Saldan General Contractor's Inc. to construct a new Shoppers Drug Mart building, for us, in the City of Greater Sudbury (Chelmsford).

We found them to be very reliable both on scheduling, pricing and any changes or special requests asked of them were handled professionally , expeditiously and with due regard for our needs.

We would highly recommend Saldan and we look forward to working with them again.

Sincerely

Robert Racko
